BOOK SYNOPSIS

I might be the only unmated female in my tribe, but it doesn't mean I've given my heart. I'm waiting. I want resonance, and I won't settle for anything less. But when an alien ship lands and a handsome stranger steps out, I know he's the one. His name is Mardok and he's fascinatingly different - and distractingly appealing. But Mardok can't stay on the ice planet, and he says he can take me with him. Now, I must make a choice. Do I stay and lose my mate forever? Or do I follow him to the stars and leave behind everything I know?
